CREEK CRITTERS

Collect Critters

Identify Critters

My Stream Health Reports

Become a Creek Critters Stream Explorer!

Download at IWLA.org/creekcritters

Find Out How Healthy Your Streams Are Today!

GET STARTED

- Download the free Creek Critters app to your iOS or Android mobile device.
- Gather your field supplies: water shoes or boots, a small net, a bucket, a hand lens, and a partner!
- Find a shallow stream, pond, or lake that's safe & easy to access.
- Open the Creek Critters app and follow simple step-by-step instructions to collect and identify your critters.
- Discover your stream health score!

EXPLORE THE DATA

View your results, and results from around the country, on our interactive national water quality map at CleanWaterHub.org.
